- I/we understand that serving is a privilege and the parent(s) will assist in seeing that the server follows all rules.
- I/we understand that in assigning masses, the needs of the parish come first.
- I/we understand that we are responsible for the cleaning and care of the cassock and surplice and that it is to be returned cleaned and pressed to deacon burke if the child quits serving.
- I/we understand that the child commits to serving for at least twelve months from today and that if the child quits after the twelfth month, that he/she will give at least a 30 day notice, but will not quit serving until the current printed schedule is over.
- I/we understand that if the altar server cannot serve a mass when assigned, it is the server's responsibility to find a replacement server.
- I/we understand that the server is required to attend all training meetings.
- I/we understand that the server will need to be in the sacristy 20 minutes before mass is scheduled to start and will need to remain for a few minutes after mass to help clean up.
